

# Venue Access

## Gold Pan Saloon

The Gold Pan Saloon is accessible by a wide door at its main entrance, up from the sidewalk by a small ramped surface. The washrooms are also accessible. The tables in the restaurant can be moved and are usable with wheelchairs or other mobility aids.

Through the restaurant and through a hallway, directly across from the restaurant door is the the games room door. There is a lot more space between tables and the tables in this room are more adaptable. There is more space in the room and it is generally lower stimulus than the restaurant because there are fewer televisions.
